

Dear Fellow Brothers and Sisters in Christ,

As you may know college students are many of tomorrow's leaders, and too often the competition for their hearts and minds is being won by anti-Christian philosophies or party scenes. But even in the midst of these competitive forces God is continually drawing people to Himself – like Megan.

She spent her first two years walking in the world, longing for something more. But as a junior she roomed with Ashley and a few other Cru girls, and for the first time experienced Christ-centered believers living their faith out in front of her. After weeks of watching closely and asking many questions she accepted Christ! Unable to contain this joy she began sharing this good news with a friend! We are looking forward to reaching other questioning students on campus for many years to come, now as a married couple!

With the leadership promise we've shown in Western PA for the past few years we've been challenged to invest in one of the most spiritually overlooked and influential cities in the world, New York City. Imagine over one million potentially culture-changing college students all in the same place, yet mere fractions of them living for Christ. This city alone has the power to alter the political, corporate and cultural landscape of our nation. It is an urgent, challenging and financially demanding ministry.

Because Cru has no central funds for paying salaries or ministry expenses, we are currently focusing our efforts on developing ministry partners and consistent financial support. We are trusting the Lord to see all our needs met before the school year ends so we can give our full-time focus back to campus.

Would you prayerfully consider giving \$50, \$100, \$200 monthly or some other amount? We so appreciate your heart for the gospel and interest in the ministry God has called us to.

Until all hear (Col 4:3-4),

David and Ashley Coffey
